

PROFILE

Hello!!

I am a passionate web developer with a strong foundation in front-end and back-end development.

I specialize in creating visually appealing and functional websites and web applications that leave a lasting impression.

My expertise lies in translating client requirements into clean, efficient code that delivers an exceptional user experience. In Front-end development, I harness the power of HTML and CSS to craft captivating interfaces that not only look great but also adapt seamlessly across different devices and screen sizes. I stay up-to-date with the latest trend and frameworks. I excel in languages like C++, PYTHON, JAVASCRIPT.
